## Real Club de Golf Guadalmina

Dear Members:

As commented in the Annual General Meeting I of the Real Club de Golf Guadalmina, held in the month of November, which was evident the need to "modernize" the methods used in the school of Guadalmina, and together with the retirement of Francisco Hernández Núñez, the Club Professional for almost 50 years, we have developed an action plan which aims to improve the quality of the Golf lessons at the Junior section. For this purpose we have incorporated again Casto D. Gomez as director of the school.

Casto Gomez who works for two years organizing the Junior section, in collaboration with Francisco Hernández Núñez, Real Club de Golf Guadalmina's Junior Delegate and Guadalmina Golf s.a. management staff, has also combined this function with the head of Center of technification of the R.F.A.G.

With the collaboration of Casto Gomez, Guadalmina Golf s.a. has selected, three ex - students of Real Club de Golf Guadalmina Junior Section , with the qualifications necessary to be able to exercise as teachers of Golf, **David Mencía, Ruben Holgado and Salvador Ruiz.**

The structure of the Junior Section will be similar to which has been operating over the the last years with the difference that the methods applied will follow the latest trends in teaching techniques.

The curriculum vitae of these three teachers offer us the necessary guarantees that in this new time Junior Members of the Real Club de Golf Guadalmina students will receive adequate training techniques to move forward in development as young people and golfers.

### Lesson structure

### Weekend lessons

Classes will be divided in groups depending on the level of play on Saturday between 10:00 and 13:00, except for the days where either school or federative calendar competitions are held.

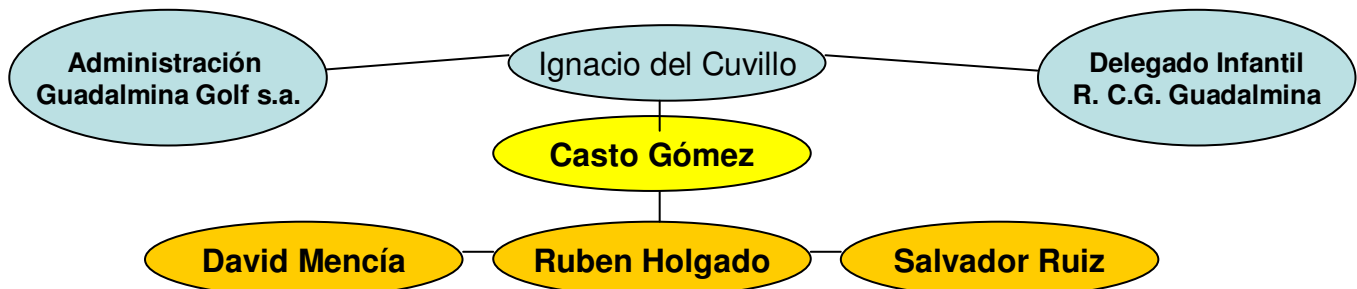

### Training program

Those parents interested in opting for an advanced program can enjoy collective lessons on Wednesdays and Fridays from 17:00 in small groups of 8 students maximum with this level of game.

These programs of modernization will be received regardless of classes on Saturdays, for **each three consecutive months** at different price.

- Parents interested in 4 hours per week (Wednesday and Friday) €150 quarter.
- Parents interested in 2 hour weekly (Wednesday and Friday) €90 quarter

### Structure of the Junior Section

\* Additionally Juan Holgado or FranHernandez might help if needed.

## **MAIN ASPECTS OF THE NEW SYSTEM**

### **NO BUDGET INCREASE**

**This operating system WILL NOT represents an increase on the expenditure within budget dedicated to the Junior Section , selected teachers will work in autonomous regime and only receive the amount generated by The cost of the tuitions in the modernization programs if there is a demand for it.**

**The conditions agreed with the selected teachers mean they will give classes on Saturdays in exchange for being allowed to give lessons using the driving range facilities of Real Club de Golf Guadalmina, to members and potential members of Real Club de Golf Guadalmina**

### **UNIFORM EDUCATION SYSTEM**

**The selected teachers, according to the Director of the school will teach lessons following a unique teaching, so that students can receive training regardless of the assigned teacher, although with its peculiarities.**

### **TEACHING MATERIAL AND FOLLOW UP**

**The students of the school child of the Real Club de Golf Guadalmina, will receive a personal book that will reflects the advance of the class and the objectives achieved, at the same time will keep control over attendance at classes at the beginning of the course.**

**Parents of kids following the Training program will receive at the end of each course information personalized about his son**

### **LATEST TECHNOLOGIES**

**Shortly we will incorporate to the classes of the modernization program as advanced tools, such as Flight Scope or the filming of practices, not only for Junior but also for private lessons**

### **FUTURE OF THE JUNIOR SECTION**

**The future of the school is guaranteed with these additions, and we are confident that these improvements will serve to make more families attracted by the Real Club de Golf Guadalmina, not only for its facilities, but for the good work that takes place in the promotion of sport among children, and why not say, look for the achievements of its athletes.**
